Times in the exam blocks indicate the starting time of the regular class meetings. The times listed are approximate and based on the regular undergraduate day scheduling grid. Actual class start times may vary.

Classes meeting one day a week may conflict with classes meeting at the same time on the alternate meeting day of a regular M-R or T-F schedule and the exam will be scheduled at an alternate time. Classes meeting one day a week for an extended length of time (e.g. two regular scheduling time blocks), may be scheduled for the exam as if they regularly meet in the later scheduling time block.
